

Big Bang Science is pleased to be offering lots of fresh new science activities and experiments in a *BRAND-NEW 45 Minute LUNCHTIME* Club, for the Autumn term. It will be an exciting opportunity for your child to explore and experience some real hands-on-science. The sessions fully complement the curriculum, but will also offer just a little bit more, making sure your child's learning experience goes above and beyond normal teaching. Perfect for all those budding young scientists!

The first course will run for 5 weeks and initially will be open to years 2, followed by a 6-week course for years 3/4 after the October half term.

The first course (year 2) will start on Monday 18th Sept and finish on Monday 16th Oct. Cost £20

The second course (year 3/4) will start on Monday 30th Oct and finish on Monday 6th Dec. Cost £24

It will take place during School hours (after the children have had lunch) on Mondays. The cost is £20 for the first 5 sessions and £24 for the second session. If more children are wanting to attend than there are places available, children will be chosen at random. You will be informed by email either way.

Please fill in the form below if you are interested in either course. Return the slip with payment by Wednesday 13th Sept. Please make cheques payable to Big Bang Science.

Kind regards,

Alice Mott
