

Donations

- RTU in India (a fully independent organisation) depends on the support of many individual donors around the world. A major part of their income is received from supporters in the UK.
- RTU in the UK is a group of supporters who donate and raise funds to fund the Children's Villages, schools and other programmes at RTU in India and two partner organisations; we don't fund any other activities.
- We keep our costs low, with a part-time UK Co-ordinator so that all money donated goes to help the poorest people in South India.
- If you are able to make a donation, cheques should be made payable to: **Reaching the Unreached**. We can accept credit and debit card donations via our website at www.rtu.org.uk.
- If you would like to make a regular gift, please complete the Standing Order form.

History

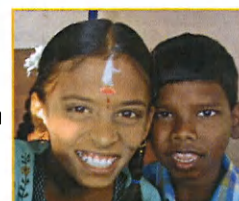

RTU was founded in India in 1978 by Br Lionel/James Kimpton, a lay brother of the De La Salle teaching order and taught at St Peter's School in Bournemouth. Starting from a desire to meet the needs of abandoned or orphaned children, RTU now has a team of Indian staff headed by Fr Antony working to help the poorest children and families in many impoverished villages around their base - in a rural area of Tamil Nadu. Br James died in 2017 but the dedicated staff team, many of them raised by him, are ensuring his vital work continues and they are actively involved in identifying communities needing help.

Until his death at the age of 92 in 2017 out at RTU, he lived to ensure the most needy - children, adults and the elderly - found dignity within their own communities.

Achievements

Here are just a few of RTU's achievements. Write to us or visit our website for more information.

- Over 800 children, some orphaned by AIDS, are cared for in family groups with foster mothers in 4 purpose-built Children's Villages, providing a secure and loving environment.
- 6 pre-schools cater for over 180 village infants.
- 4 Primary, Middle and Higher Secondary Schools provide education to age 18+ for 1300 students. Older children are supported through their higher education.
- Three mobile science labs and an IT lab regularly visit 101 government schools in 66 villages, giving students hand-on experience of science experiments.
- Self-help groups for over 1,600 rural women are facilitated in 28 villages. Loans are given for setting up rural enterprises and for emergency family expenses. An insurance scheme has been set up.
- RTU's clinic provides free medical care and physiotherapy and has over 18,000 patients annually.
- Many specially designed, houses are built annually for poor village families. Over 9,000 have been built so far.
- Bore-wells are drilled. Each can provide water for as many as 200 people; over 2400 have been sunk to date.

Gift Aid

Boost your donation by 25p of Gift Aid for every £1 you donate

I would like Reaching the Unreached *giftaid it* to treat all donations I make from today and all donations I have made for the 4 years prior to this year, as Gift Aid donations.

I am a UK taxpayer and understand that if I pay less Income Tax and/or Capital Gains Tax than the amount of Gift Aid claimed on all my donations in a tax year, it is my responsibility to pay any difference.
