31st January 2020

Dear Parents and Carers,

Maths

This week we have finished off our unit on capacity. We thought about what the difference between volume and capacity is and went on a 1000ml hunt around Y3, to find containers that are equal to 1 litre.

English

We peer and self-assessed our stories this week. We had a checklist which we used to mark our work against. Did we use capital letters and full stops? Have we used interesting vocabulary? Have we used a range of fronted adverbials? We are writing up our stories in 'best' on Thursday and some children will be awarded their pen licenses! They are very excited!

RE

We continued our work on revelation by looking at the Old and New Testament accounts and considering how we can hear God's voice through them.

Art

Ask us about our continuous line drawings we enjoyed creating this week!

Behaviour

May we remind parents/carers that all children must be adhering to the behaviour policy as outlined on the school website (link below)

file:///C:/Users/b.shaw/Downloads/Behaviour_Policy_2019-20.pdf

Keep an eye out on Twitter for examples for examples of our work throughout the week.

Thank you

The Y3 team.
