12th July 2019

Dear Parents and Carers,

This week the children have been to see the school production of Alice in Wonderland. The children really enjoyed the show and were so impressed by the performance

In maths this week we have been working on shape. We have looked at all our 2D and 3D shapes. We have enjoyed going on shape hunts and building lots of models out of junk modelling. We have been using lots of different words to describe our shapes. We used the language; corners, sides, edges, vertices and faces.

In Jigsaw this week, we have been talking about any worries we might have had about going up to year one and what fun we had last week with our new teachers.

We are continuing learn our phase 4 sounds and tricky words, such as **do, what, out, what**.

Tapestry challenge

Our challenge this week is to share our favourite memory of our time in Foundation. They can draw a picture or record a short video of them telling us about it.

R.E

We are finishing of the year by reading bible stories together in order to learn more about the work of Jesus.

P.E.

Please can you remember to send in a water bottle for your child particularly on a Thursday for PE, we are out on the Astro Turf and they can get very thirsty when running around.
